ADELPHÓS LV

Find out how you can
Pray.

Participate.

Provide.

PRAY.

As we work to reach the community God has placed in our heart, we would like to ask for you to join us in prayer for what He will do in the city of Las Vegas. Pray that we can make an impact on the lives of the people living in the Sunrise Manor community. Pray that God opens doors for new partners who will come alongside us. Pray for the people God will bring as part of our core team.

PARTICIPATE

We are grateful to have you walk alongside us in this process. There are many ways you can participate; the first and most important one is through prayer. Another way you can help us is to give financially to help make this vision a reality. Lastly join us, if you feel led to be a part of this church plant or want to send short-term missionaries to help us with outreach events, we would love to have you come and work alongside us.

PROVIDE

Learn the church plant, its strategy and context, so you can provide relevant resources.
Support a church planter financially.

About the Family

I have been married to Karen for 13 years. We have two kids, Erik (16) and Luna (13). We are thankful for the path God has taken us on. We have learned a lot along our walk and know there are more areas in which to grow.

As a family, we have taken a step of faith to move to the city of Las Vegas, Nev., to plant a Hispanic church that will reach the first, second and third generation Hispanic population.

About My Church Plant

Adelphós is the Greek word for brethren. Our goal as a ministry is to reach the Hispanic community in Las Vegas through acts of service and discipleship.

We are looking to plant in the Sunrise Manor area of Las Vegas, which has more than 100,000 Hispanics. We want to be a multi-generational church that wants to keep families together without the difficulties of language barriers. Over the years we have seen a division among the younger generations due to this issue.

We firmly believe God has something great planned for this city and the future generations of the Hispanic community.
