GOSPEL COMMUNITY CHURCH

About the Family

I grew up in Orange County and have been a fan of Jesus most of my life, but not always a follower. I made a serious commitment to follow Jesus when I came to college and had someone personally share the gospel with me and invest in me through Christian Challenge. This brought me from death to life and took me from being self-conscious to God-confident. God has really been kind to me and has allowed my heart to grow for college students.

I enjoy hosting parties, playing board games, cooking, listening to audio books, searching for good food and exploring new places.

About My Ministry

At Christian Challenge we believe that if you reach the college campus with the gospel, you reach the world. Our vision is "Salvation, Transformation, and Multiplication." We want to make disciples out of college students who will then take the gospel to the ends of the earth and complete the Great Commission. I caught the vision for this while I was in college and have been serving full-time. I am part of a team launching a new ministry at the University of California Santa Cruz.
