

Amanda Parazoo

RABBIT CREEK CHURCH

Find out how you can
Pray.
Participate.
Provide.

PRAY.

Prayer is always welcomed and accepted! Please pray for the following:
Physical health: Pray God will maintain and improve my health.

Spiritual health: Pray God will armor me against the enemy's attacks.

Courage: Pray I boldly share the gospel on campus and in everyday interactions.

Mental health: Pray my mind will be protected against the enemy.

Relational health: Pray I maintain healthy relationships with family, friends, supporters and students.

Please pray lives all across college campuses will be changed from hearing the gospel and will turn to the Lord. There is an identity crisis in the universities, and I want to show that true identity is found in Jesus Christ.

PARTICIPATE

One of the ways you can participate is to pray that God will provide for my financial needs and for long-term supporters. You may also continue to pray for the points listed above and for the ministry to flourish. Thank you and God bless!

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

About the Family

Hello, there! My name is Amanda, and I'm a born and raised Alaskan who currently lives in the city of Wasilla with my Schnau-tzu, Flower. In my free time, I enjoy an active lifestyle of hiking, camping, hunting and a majority of outdoor activities, especially if it's motorized (ATVs, snowmachines, motorcycles, etc.). I also enjoy my quiet time indoors doing art projects, writing, practicing my guitar, working out and building large LEGO projects!

One of my greatest joys in life is listening to others and offering encouragement. I delight in hearing about the exciting things in people's lives, as well as the difficult and confusing times we all experience. I desire to be someone who others can confide in and express openly what is on his or her mind. You can always count on me to be a shoulder to lean on!

About My Ministry

As I participated in a discipleship training school through Youth with a Mission, God spoke to me. I will never forget the peace and clarity I received upon hearing His voice. He said to me, "I want you to join Mosaic full-time and pursue writing." I was ecstatic; I had prayed for years for God's calling for my life, and He finally revealed it to me!

Mosaic is a campus ministry organization that is currently established at the University of Alaska Anchorage and is also affiliated with the North American Mission Board, the Alaska Baptist Convention and Chugach Baptist Association. At Mosaic, we desire to create a loving, Christian community for students to teach, disciple, equip and send. We believe relational evangelism is essential and want to know each person who walks through our doors personally and lead them closer to Christ.
