

Ashley Privrat

SOVEREIGN HOPE CHURCH

About the Family

I was born and raised in Edmond, Okla. I became a Christian in high school, but it wasn't until I started attending the University of Montana (UM) that I understood the seriousness and joy of following Jesus.

As a college student at UM, I am experiencing intentional discipleship and evangelism. I am witnessing firsthand the incredible opportunity that a campus ministry has to share the gospel with students and train them for lifelong faith in Christ.

I will graduate from UM in May 2026 with a degree in finance. While I finish my last year of school, I get the privilege to be the intern for Grizzly Christian Fellowship (GCF) and serve my local church and fellow college students in a greater capacity.

About My Ministry

Grizzly Christian Fellowship is a ministry of Sovereign Hope Church that exists to reach students at the University of Montana with the gospel and equip them for lifelong, public faith in Jesus. We operate as an evangelistic outpost of the local church, knowing the university is a strategic hub for seeing the gospel advance across the city, region, and globe.

My ministry consists primarily of meeting up with and discipling female students, sharing the gospel with students, building community, connecting students to a local church and supporting Jonathan, Scott and Kenzie (full time GCF Staff members).

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray that God would transform students' hearts to be receptive to the gospel message. Pray that we continue to have favor on the UM campus and are able to use the facilities freely. Pray that I would have the boldness to have deeper conversations with classmates and peers on campus. Pray that God would raise up more leaders in this role at UM so our efforts are multiplied among students.

PARTICIPATE

Please partner with me by asking God to change lives at UM. Second, consider partnering with me financially. This work could not happen except for the sacrificial giving of God's resources by His people for His kingdom. I would love to have you on my team.

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.
