NEW LIFE STUDENT FELLOWSHIP

About the Family

I moved to state college in May 2017 as God moved in my heart to serve with New Life campus ministry at Penn State University (PSU). I love meeting new people, drinking coffee, eating foreign foods, hiking, sports and any outdoor activity. I love reading biographies of missionaries from back in the day and learning through their experiences, trials and successes.

About My Ministry

Modeling our ministry style after the example of Jesus with His 12 disciples, New Life believes that more time spent with fewer people will lead to deeper and more meaningful spiritual growth. We look for students who are faithful, available and teachable to pour into and do life with, and we allow God to impact every area of our lives. We want to see students use their God-given gifts and talents to share the love of Christ and impact their unique spheres of influence here at PSU. Ultimately, we want disciples who make disciples as we obey the Great Commission!

The three values of New Life are: discipleship, evangelism, and sending students out well when they graduate. We make sure what we do in our ministry reflects these three core values.

Find out how you can
Pray.
Participate.
Provide.

PRAY.

Pray that our student leadership team members will continue to mature in their walks with Christ and be passionate about reaching the lost and making disciples. Pray that our staff members will love each other well and be examples to students of how to love God and people.

PARTICIPATE

Our staff members are responsible for raising their full support. You can partner with me by supporting me financially and by praying!

PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.
