THE GROVE

About the Family

I am 25 years old and am from Orange County. I developed a heart for missions when I was in college as a student myself and knew I wanted to play a role in getting God's Word to all people. After spending some time overseas post-graduation, I knew I wanted to invest in college students, who might not have a real vision for their place in the Great Commission.

I come from a family of six, including my mom, dad, older brother, myself and our two dogs. I love spending time with my friends and family, going to the beach, seeing my favorite bands in concert and watching movies.

About My Ministry

I will be working at California Baptist University in Riverside, discipling college students and teaching them how to actively participate in the Great Commission.
