About the Family

I was living life for myself until I read the Bible and realized that God calls me to so much more. Jesus wants a relationship with me and others, especially those who serve in our military. Upon graduating from Ranger School, Jesus gripped my heart, and I surrendered to pursue full-time ministry. We are blessed to be a family to reach those who need a village in Christ.

Tiffany and I have been married for 10 years, and have three boys, Camden (8), Corben (5) and Callahan (2). We met at my first duty station in Hunter Army Airfield in Savannah, Ga., and are back here now.

The boys enjoy exploring the woods and the beach. Tiff loves to bake, read and homeschool our boys. We love to go to Jekyll Island and are excited to be back here in the Army as a Chaplain.

We love the Lord and are blessed He has called us to His ministry.

About My Ministry

I am an Army Chaplain stationed at Hunter Army Airfield, Ga. I love being a Chaplain because I see Soldiers where they are and have the opportunity to love them as Christ. I don't see the façade they where for Bible study or an hour service, I live among them and love them with the gospel. I have been fortunate to plug them into local churches, lead or create Bible studies, make deployment chapels, conduct crisis ministry and counsel in the Word, marry couples, grieve with them and welcome them into the Church family.

Protection for my family and marriage.

PARTICIPATE

Commit to long-term prayer support.
Chaplains serve as an extension of the local church in places that other church members and staff sometimes cannot go. Explore the opportunities to extend the reach of your church by becoming a chaplain. Support and pray for chaplains and their families.

PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.
