NORTH CENTRAL BAPTIST CHURCH

About the Family

Hello! I am a graduate of the University of Florida (UF) with a degree in animal science and cattle production. During my time in college, God deepened my passion for agriculture while also developing in me a new passion—carrying out the Great Commission!

Being involved in the Baptist Collegiate Ministry (BCM) convicted me of a greater need for growth in my walk with Christ and turned my heart toward reaching the nations for Him. I am thankful to have the opportunity to invest all that I have in the lives of college students who come after me.

About My Ministry

I am a ministry resident at North Central Baptist Church in Gainesville, Fla., partnering with the UF BCM. My goal is to show students the unique love of Christ that they might never have experienced before. I desire to bring them into community and the local church to equip them in their walk with God by showing them how to pray, have quiet time with Him, memorize Scripture, share the gospel and to ultimately instill in them the vision of the Great Commission (Matthew 28:18-20) and a heart for the nations.

Pray.
Participate.
Provide.

PRAY.

Please join me in praying the hearts of students will be softened toward Christ on the University of Florida and Santa Fe campuses. Pray the students and ministry partners of the BCM will continue to strive for discipleship multiplication and the heart of Christ in all they do. Pray for me that I might have endurance and a Spirit-led heart and mind in my work with college students so I might be able to equip them and demonstrate the love of Christ well.

PARTICIPATE

Please partner with me prayerfully and financially as I dedicate my life to reaching college students for the Lord and for the nations!

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.
