

Colin Rhodes

NORTH CENTRAL BAPTIST CHURCH

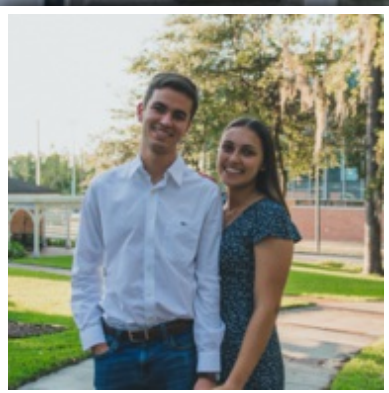

About the Family

My wife, Coral, and I just got married! We met at the University of Florida in Gainesville, Fla., where we both graduated in spring 2022. I studied philosophy and mathematics, and Coral studied marine sciences.

About My Ministry

I'm the director of the Baptist Collegiate Ministry (BCM) at Florida Atlantic University (FAU). We are excited to make disciples of Jesus Christ on the FAU campus. We do this through hosting events and small groups in dorms and apartments and training students to become disciple-makers both during and after college.

Coral and I met and fell in love through the BCM at the University of Florida, and it's an honor to be carrying on that work at a new university.

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Please pray for the thousands of students on our campus. Pray that those who don't know Christ would commit their lives to Him and that those who do would connect with local ministries and churches. Please also pray that Coral and I will grow close together and glorify God as a couple.

PARTICIPATE

We love notes and words of affirmation! I also send out monthly newsletters; if you would like to receive those, please reach out to me at colinrhodes99@gmail.com.

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.
