REDEEMER BAPTIST CHURCH

About the Family

I grew up in Lake Arrowhead, Calif., and have been a Christian for most of my life, praise the Lord! I recently graduated from California Baptist University (CBU) with a degree in history and international studies.

While in college, I learned how to make disciples of Jesus and share the gospel through campus ministry at CBU, and it impacted me so much that now I want to work with them full time!

I am so excited to see what the Lord does through me and this opportunity, and I am extremely thankful that I will be able to share God's heart for the nations with students as we learn and grow together spiritually. One day I hope to live in a different cultural context, sharing the gospel where it has not been heard, so working with this ministry is preparing my heart and making me even more stoked for that potential future as well.

About My Ministry

The discipleship staff at CBU works to love all the students on campus, help many of them, and train a few who are faithful to the calling of sharing the gospel with others. We want to help students learn about Jesus by establishing and equipping them in their spiritual walk in God's Word and His promises.

We hope students will learn from us and teach others, so many are discipled and continue to do so outside of the CBU context.

It's so awesome to be part of this, and I would love for you to join my support team and follow how God is working on this campus.
