WATER'S EDGE FELLOWSHIP

About the Family

I am originally from Texas, but am now stationed in Idaho! I grew up in the church and have always been surrounded by people who love the Lord, which was such a gift from God. I was so blessed to grow up with two Christ warriors as my parents!

I am the youngest child out of 5, and one thing to know about me is that I am extremely family-oriented. I thank God every day for placing me in the family He did because I love them in ways that words don't comprehend. As you can imagine, being a family-oriented person almost 2,000 miles away from your family is not easy one bit, but luckily for me, my entire family members are my biggest supporters, and they are always encouraging me when it gets really tough being away.

About My Church Plant

At Water's Edge, I have been given the amazing opportunity to be part of each ministry, helping out in various different places within the church, and have been able to make so many different connections across all generations. I have a passion for youth and the next generation! I have already gotten to see so much spiritual growth in our student ministry, and have kicked off a young adults ministry.

In addition to all of that, I have been placed into a community where 85% the population is part of the Latter Day Saints church, which has given me the opportunity to evangelize the truth and share the good news with those locally. God has placed me in so many new scenarios, and already I am seeing Him in such new ways!
