LAUNCH CAMPUS MINISTRY

About the Family

I accepted Christ as my Savior in May of 2015 at the end of my junior year of high school. Very soon after, I felt the call to ministry, although it wasn't until I got to college at Purdue University that God started to reveal His plan to me.

God introduced me to Launch Campus Ministry very early in my college career, and I have been involved there ever since! I graduated from Purdue with a degree in Communications - Human Relations in 2020 at the height of the COVID-19 pandemic.

After lots of prayer and talking with my mentors, I chose to pursue an internship at Launch as a first-year graduate in order to explore full-time ministry. After completing the internship, I stayed on for an additional year as volunteer staff. This will be my first year as full-time staff; I am very excited to see what God has in store for me!

About My Ministry

Launch Campus Ministry has been on Purdue's campus sharing the name of Jesus since 1962. Purdue is a massive campus—in fact, it is the largest mission field that most of our students will ever be on! Our mission statement is to launch students to know, live, serve and share Jesus. Students from all walks of life are welcome in our ministry, from those who have never heard the gospel to those who have been lifelong followers.

My main focus with Launch is in trauma recovery ministry, specifically with female survivors of abuse. My call is to educate, empower and show the love of Christ to these survivors.

Back in 2019, God revealed that He has given me the spiritual gift of evangelism, so I will also be working with students on how to share the gospel with those around them. Come join me on this mission for the Lord!
