MOSAIC CHURCH

About the Family

I am a born and raised Colorado native from the Boulder County area. My wife, Sara, grew up all over the place as a military girl, but considers Colorado Springs her hometown. We met during our undergraduate studies at Colorado Christian University through a short-term missions trip to Utah. We've been married since 2016 and have two wonderful sons, Peter and Theo!

Since the beginning of our relationship, a deep desire for the Mormon people to come to know the true gospel of Jesus Christ had consistently turned our eyes toward the lost in Utah. After finishing my M.Div. at Denver Seminary, we moved to Utah in 2019 as NAMB missionaries and were able to plant Mosaic Church in October of 2020 in Provo.

About My Church Plant

We planted Mosaic Church in the heart of downtown Provo in October of 2020. In Provo, 82% of the population are active members of The Church of Jesus Christ of Latter-Day Saints (Mormons), 17.5% of the population are religiously unaffiliated, and fewer than 0.5% identify as evangelical Christians. With these statistics, Provo is the most unchurched metropolitan area in North America.

And although Provo has historically been a church planting graveyard, the Lord is doing something amazing through Mosaic Church. In our first year, we saw multiple professions of faith and baptized four new believers, two of whom left the Mormon church to put their faith in Jesus instead!

When we began as a church, our congregation was about 15–20 people, but by the end of our first year we were seeing 45–55 people on a Sunday morning!

PRAY.

Pray that we as a family would treasure Christ Jesus above all else, for His glory and our joy.

Pray our marriage and our kids will be protected from attacks from the enemy. Pray we would be bold in sharing the gospel.

Pray for the 99.5% of Provo who are separated from Christ.

Pray that this city would trust in Jesus for the forgiveness of their sins and would experience new life in Him.

Pray that we would see a gospel movement take hold of Utah for the first time in its history.
