H2O CITY

About the Family

In 2008, God did something amazing and led me to join a church-planting team going to Ohio State University (OSU) to plant H2O Church. There I met my wife, Alyssa, and we were married in 2011. Alyssa went on to grad school to study clinical mental health counseling and has since started her own private practice. We have two boys. Jake is 2 1/2, and Luke is almost a year old. They are full of life and energy and keep us on our toes! And they have brought much joy to our lives. Our passions are raising a family, Alyssa's counseling and planting H2O City!

About My Church Plant

A team from Michigan planted H2O at Ohio State University in 2008, hoping to reach OSU students with the gospel of Jesus Christ. Since then, God has expanded our vision to include graduates, professionals, children and families in Columbus as well. That's where the H2O City plant comes in. We have begun the process of planting the H2O City congregation just off OSU's campus by forming life groups and cultivating community and mission, and we officially launched in November 2016!

Find out how you can
Pray.
Participate.
Provide.

PRAY.
For churches as they prepare to send out missionaries and chaplains to push back lostness in North America.
For receptive hearts among the people in communities where these missionaries and chaplains will serve.
For churches and individuals to partner with missionaries and chaplains and to give of their time and talents.
For the Father to send more workers into His harvest to join these missionaries.

PARTICIPATE
Connect as a Sending Church or a Supporting Church with a missionary's work
Commit to long-term missions support with your missionary partner.
Be involved in supporting missionaries and their families.
Pray for missionaries.

PROVIDE
Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.
