COMPASS CHURCH

About the Family

I am planting Compass Church in the San Diego State University area. I'm married to Jessica Worcester, with whom I fell in love while doing college ministry together. We have a 2 1/2-year-old son named Samuel and another baby boy on the way! I graduated from the University of Oklahoma (OU) with a degree in film and video studies and received my master's degree in theological studies from Gateway Seminary.

About My Church Plant

Compass Church is a new church in the San Diego State University area designed to reach students and the surrounding community. Our purpose is to point everyone to their purpose in life. Our vision is to become a sending base to send people all over the world with the gospel.

- Find out how you can
- Pray.**
- Participate.**
- Provide.**

PRAY.

Pray that unsaved people will discover their purpose in Christ. We are praying for 100 baptisms in the first three years. Pray for leaders to be raised up. Pray with us for a church planter to be raised up within three years and for six others to start our church planting apprenticeship program. Pray for God to continue to send laborers into this mission field.

PARTICIPATE

Please pray about partnering with us through faithful prayer, serving as a short-term missionary to help us with outreach events and/or supporting us financially.

PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.
