THE EMBASSY CHURCH

About the Family

I'm married to my amazing wife and partner in the ministry, Josi. We have two great kids, Eliana (7) and Gaius (3). I was born in Manila, Philippines. I moved to the United States when I was 5 years old. I was saved in jail. I'm a former gang member and drug addict. I heard the gospel every Wednesday through a local church ministry coming to the jail. Since then, I have had the privilege of graduating with my certificate in Human Services and Bachelor of Science in Theology. I have served in several ministry capacities for the last 16 years.

God has truly transformed my life through the gospel of Jesus.

About My Church Plant

We are planting a hybrid network of house churches in the urban context of Rochester, N.Y. Our vision is to see the city of Rochester saturated with Kingdom Embassies. We want every person who walks through our house churches to experience the presence of God, a foretaste of the kingdom here on earth. We don't just want to create an impressive Sunday worship service; we want to make disciples who make disciples.

Our mission is to DISCOVER, DEVELOP, DEPLOY, and DUPLICATE ambassadors of Jesus with the gospel to advance the kingdom of God. Our conviction is that the Great Commission commands us to go to where people are and share the gospel to the people He has put in our lives, where we live, work and play. This will only happen if we equip disciples (Jesus ambassadors) to go.
