

Find out how you can

**Pray.**

**Participate.**

**Provide.**

#### **PRAY.**

Our time and energy are limited. I'm working full time, including a long commute. Karma is cleaning houses part time, so every moment for ministry is precious. Please pray I use my time well. I must walk by faith and stay near Jesus. Regular Bible reading and prayer are His power lines to His powerhouse. Please pray that busyness won't draw us away from daily prayer and Bible reading. The early stages of ministry are typically plagued with a big dose of chaos and confusion. Please pray the steps we take and decisions we make follow the Holy Spirit.

#### **PARTICIPATE**

Please pray about giving now. We are accepting donations to reach our funding goal.

Supporters receive access to ministry updates through our video channel, Facebook group and email.

Let's launch this new work together!

#### **PROVIDE**

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

### RESTORE CHURCH ALBUQUERQUE

### About the Family

Even though this profile is under my name, my wife, Karma, and I are a team in this ministry. We have spent our lives in business, education and pastoral ministry. We have three wonderful children and one grandson named Jack. Karma and I look forward to serving you with regular online and face-to-face interaction. We are eager to create a community on mission to build the church, equip men and serve the unborn and their mothers.

### About My Church Plant

#### Building the Church

All our work will help Restore Church move forward. Restore is a young SBC church plant so everyone wears many hats. Karma disciples ladies and will help lead the hospitality team. I will help develop leaders, teach and preach when needed.

#### Pro-life Ministry

Albuquerque is a regional hub for abortion. The city provides late-term procedures and even our state university hospital performs abortions. We will be working with the pregnancy center to serve mothers and mentor new fathers to choose life.

#### Men's Outreach

Karma and I have recently teamed up with Zach and Jessica Sullivan in their work with the airmen of Kirtland Air Force base. We have started a home and mountain-climbing discipleship group. This week an airman professed faith in Christ, and Zach is following up to help him join our group and attend church.
