ECHO CHURCH

Find out how you can

Pray.

Participate.

Provide.

PRAY.

As we serve in the Triad, please pray that we will have many opportunities to engage people in gospel conversations.

Pray that God will stir the hearts of people and show them their need for a relationship with Jesus.

Pray for leaders to lead new house churches.

PARTICIPATE

Please email us at edtablazon@gmail.com for more information about how you can be part of our ministries. You can help us through your prayers, come as a volunteer, or financially give to a project or need.

PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.

About the Family

Leah and I have been married since 1988. We have three amazing adult children: Jim, Liz and Ingrid. Both Leah and I grew up on the beautiful island of Palawan, Philippines. We went to the same high school but did not begin dating until we were 24 and 21. In 1999, we immigrated to the United States with our young kids. Since then we have been involved in church planting in New Jersey and North Carolina.

I grew up in a family that valued ministry. My parents spent their adult lives working with missionaries, pastoring and planting churches in Palawan. Leah had a different story. As a homesick college student living in a different part of the country, she decided to sign up for a Bible correspondence course that would let her receive and send through mail. Through reading discipleship material, she came to know the Lord Jesus Christ.

About My Church Plant

Echo Church is a network of disciple-making house churches in the Triad of North Carolina (Greensboro and surrounding cities). We help people "live lives that last" by guiding them to walk with Christ and with a community. We help each other discover our life's purpose and then make a difference in those around us.

Our big dream is "100 in 10," which is 100 house churches in the next 10 years.
