PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.

About the Family

I was a social worker for a number of years when God called me into ministry in 2009. My first step was to move from my home in Alabama to New Orleans to attend seminary at New Orleans Baptist Theological Seminary. The city of New Orleans was a great place to learn and develop for the mission field. God prepared me to live my life away from familiar faces and places and learn how to depend on Him. During my time in New Orleans, I participated in two missions trips to Calgary, Canada.

In July 2016, in obedience to God's call, I moved to Calgary to serve as a church planting team member.

About My Church Plant

I served for four years at Junction Church in Calgary, which was planted in 2015. I was the minister to women and children and of outreach. Junction Church is part of the Community Life Network. Community Life Network desires to plant churches that are integral in serving the local community and connecting people to Christ.

After serving at Junction Church, God led me to be part of a new church plant in south Calgary, located in the community of Legacy.

Calgary is a city of more than 1.5 million nestled between prairie land and the Rocky Mountains. Our hope is to offer the confidence that Christ provides through the gospel that weathers personal storms, economic conditions and political change.
