CENTER CHURCH

About the Family

I will soon graduate from the University of Virginia (UVA), and I will be staying in Charlottesville. I am excited to continue being part of what God is doing at Center Church!

About My Ministry

I will be on staff at Center Church as part of their college residency program, which means my primary role will be reaching students and sharing the gospel with them, developing and discipling them and then sending them out of college with the gospel. The vision of Center College is to make all-of-life disciples who love God, love each other and love the world around them.

I am excited to see God bring life to students and change the trajectory of their lives so that wherever they go after college they are leveraging their passions and gifts for the glory and mission of God.

PRAY.

Pray for boldness to share the gospel and open hearts among UVA students. Pray that through this ministry, more people would come to saving faith and live on mission. Specifically, pray that 50 college students would leverage their lives for the spread of the gospel upon graduation through church planting or other ministry work. Pray that many students would place their trust in Jesus for salvation and that students in our ministry would grow in their faith and have boldness to share the gospel with others.
