FREEDOM IGLESIA HISPANA

About the Family

Our family's journey to this country has been blessed by the goodness of God. I am a professional psychologist from Venezuela, but I choose to work as a school teacher to make a difference in the lives of our young generation. My wife, Erika, shares the same passion for education as a pedagogical psychologist from Venezuela and works as a teacher here. Our family believes that our move to this country was a journey of preparation, and we have undertaken it together. Our children, Gabriel and Mariana, are an active part of our path, participating in all our activities at the church: Freedom Iglesia Hispana.

About My Church Plant

I started my journey by leading a Hispanic ministry at Freedom Church Owasso. Later, I felt a calling from God to plant a Hispanic church in my city, Broken Arrow. In addition, I served as an associate pastor at Church Muskogee Iglesia Hispana in Muskogee County. Simultaneously, I began the groundwork for Freedom Iglesia Hispana, which initially had ten members and was established in my home. With God's grace, the church is now flourishing, and we expect it to continue to grow in the future.
