SET FREE

About the Family

Hello, my name is Francisco Garcia. I have been pursuing my dream of being a missionary and helping people for the past few years with the help of Set Free Ministries.

I live in Oceanside, Calif. I'm not married. I have no kids. I'm a minister of the gospel of Jesus Christ.

My life consists of overseeing the daily operations and goings on of Saints Discipleship under the mentorship of Pastor Vince Garcia.

About My Church Plant

Set Free is the people's church. We use what we can, how we can, when we can to help everyone and anyone.

We have ranches where men and women can go to regain control of their lives, find peace and meet Jesus Christ.

Homes and programs are available for those looking to strengthen their relationship with God through the learning of the Word and hands-on application of the gospel.
