CHRIST THE KING BAPTIST CHURCH

### About the Family

After serving in high-school and collegiate ministry, God called me to join Christ the King Baptist Church as a church planting team member. My specific role is to help with administrative work while I pursue a biblical counseling degree through Midwestern/Association of Certified Biblical Counselors, with the goal of counseling women and girls.

My prayer is that many people would be saved and transformed by the gospel in Santa Cruz County!

### About My Church Plant

I am a full-time staff member with Christ the King Baptist Church in Santa Cruz County, California. Christ the King Baptist is a church plant that officially started in November of 2024. Santa Cruz County is home to more than 270,000 people with thousands of others coming every year for tourism or to study at the University of California, Santa Cruz. However, Santa Cruz has only a few faithful churches, and the culture is inundated with false religions and spirituality. Christ the King Baptist exists to proclaim the King, worship the King, and live for the King Jesus Christ. We plan to do so through equipping the saints for ministry and evangelizing in various ways to the people of Santa Cruz County.
