CENTRAL BAPTIST CHURCH

About the Family

I married my lovely bride, Grace, in January of 2026. We have a heart for ministry and love serving the Lord Jesus together. Currently, we reside in Morehead, Kentucky. We are members of Central Baptist Church, where God has so graciously placed us and grown us in many ways. Grace and I will both be Alumni of Morehead State University once Grace finishes her undergraduate degree in nursing.

Grace and I love to be outside, travel, and host people in our home in Morehead. I personally love reading and studying theology, building relationships with international students, and I'm super passionate about men's ministry! Together, Grace and I are connected to the Baptist Collegiate Ministry on campus, and it has been a great joy of ours to grow and serve there for close to three years now.

About My Ministry

I will be working as a staff member at the Baptist Campus Ministry on MSU's campus. God used this ministry powerfully in my own life, and I know how impactful college can be in a person's faith walk. I want to help students see and experience the life-changing power of the Christian gospel.

I plan to do this through evangelism, discipleship, and leadership development. I love doing gospel surveys, having conversations over coffee with students, leading discovery Bible studies, hosting students for a meal, and many other pathways for ministry that the Lord has kindly opened up!

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray for the lost students on Morehead State's campus, that they would hear and respond to the life-giving message of the gospel. Pray that believers would get connected and serious about the local church. Pray for God to raise up laborers from among these students to be lifelong servants of His church and mission!

PARTICIPATE

This calling is a communal one! I am building a team of monthly supporters to make this full-time ministry possible. Your partnership helps reach students with the gospel and disciple them for a lifetime of following Jesus. If you would like to learn more about me or how you can partner in this ministry, I would love to talk to you!
