CENTER CHURCH

About the Family

I was born in Charlotte, N.C., on July 9, 2001, but grew up in Rock Hill, S.C. I grew up in a nominally Christian household with both parents and an older brother (3 years older). After a living a life characterized by performance, on July 2018 while attending a YoungLife Summer Camp, I professed faith in Jesus Christ.

I attended college at the University of Virginia where I studied biology, attended Center Church and led YoungLife. While serving in YoungLife, I worked in a part-time staff position and program known as NextGen. While attending Center Church, I served as the worship intern for a year and will now be working on staff as the worship/production and students resident.

About My Church Plant

As worship/production, I will be working closely with our band, production and visual arts teams to lead our church in corporate worship in many different environments. I will also be learning theological, practical, leadership and pastoral skills for worship leadership. While working under pastoral leadership at the church, I will seek to facilitate a corporate worship experience that allows for a meaningful encounter with Jesus Christ.

As a students resident, I will be learning to lead people and develop a healthy culture on volunteer teams and grow in administration, communication, team work and people leadership while working with Center students (middle and high-school students). I will seek to work under pastoral leadership and alongside parents to teach and disciple students.
