

Jailyn Patrick

THE GROVE COMMUNITY CHURCH

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray for boldness to share the gospel and open hearts and lives among students at CBU.

Pray that through my ministry, more people would come to saving faith, commit to a local church and be obedient to the Great Commission call on their life.

Pray for stamina and longevity for ministry amidst attacks from the enemy.

PARTICIPATE

Please pray for me and my staff as well as other missionaries around the world. Connect with missionaries near you and commit to being a part of their lives by praying, supporting and doing life with them. None of this is possible without the work of God through prayer!

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

About the Family

I am 23 years old and a recent graduate from California Baptist University (CBU/Cal Baptist) in Riverside, Calif. I am currently pursuing a staff position in discipleship ministries at my university, where I grew significantly in my faith during my time as a student.

I'm the second oldest in a family of seven, with siblings ranging in age from 26 all the way down to 8 years old. I am blessed to have parents who instilled the gospel into me from a young age and showed me honestly the "highs and lows" of vocational ministry as well as a desire to selflessly serve and disciple others. I am excited to now pass what I learned at CBU down to the next generation of students by ministering on discipleship staff at Cal Baptist.

About My Ministry

Only one-third of the students at CBU claim Christianity. Discipleship staff at CBU believe college students are a strategic affinity group for spiritual growth because they are reachable, teachable and sendable. We believe the best way to disciple students at CBU is by "investing in lives to develop followers of Jesus." This means that we live life alongside students, following the ways of discipleship that Jesus modeled and other believers continued. Tangibly, this will look like choosing affinities of students on campus with whom I can live life, study the Bible and teach skills and provide tools to develop spiritual growth.
