

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray that we would meet our required funding goal and that it would be consistent and long-term, which will allow us to serve on the field as missionaries.

Pray for boldness to share the gospel and open hearts among the people of New Bedford.

Pray that through this ministry, more people would come to saving faith and live on mission.

Pray for leaders to be raised up and more churches to be planted throughout New England.

Pray for stamina and longevity for ministry amidst attacks from the enemy.

PARTICIPATE

We know that the Lord owns it all and will provide for all of our needs. We also know that His means of doing this is through the generosity of His people. We believe that God already knows who will commit to partnering with us by providing monthly financial support. We are simply asking you to pray about becoming one of those partners. Any amount matters and is appreciated.

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

Jamie Wynn

GRACE HARBOR CHURCH

About the Family

I was born and raised in Douglasville, Ga. I got my Master of Divinity degree from Southeastern Baptist Theological Seminary. I have served on staff at First Baptist Church of Douglasville since 2014.

My incredible wife and partner in ministry, Cara, and I have been married for 17 years. We are blessed with three high-energy, beautiful and unique children. Our oldest son, Bryson, is 16. Our middle son, Owen, is 13, and our youngest and only daughter, Annistyn, is 9. We enjoy watching Georgia football and Braves baseball, and playing pickleball as a family.

About My Church Plant

Back in September of 2021, the Lord began to work in our hearts to join the ministry team of Grace Harbor Church in New Bedford, Mass. Currently, we are raising support with the plan to move to New Bedford in June of 2023. My position will consist of shepherding the church and working to establish new churches.

New Bedford is a city of nearly 150,000 people with less than 2% of the population identifying as evangelical Christian. We are excited to join the work of Grace Harbor Church to see gospel change for New Bedford's flourishing.
