PRAY.

Pray our family will adjust well in a new context as we work to find and create new relationships.
Pray churches will be established that will faithfully work to plant in other communities, too.
Pray the Lord brings other leaders who can help with the task.
Pray for stamina and longevity for ministry amidst attacks from the enemy.
Pray for a continued spirit of unity and collaboration among those engaging Muslims in the city.

PARTICIPATE

You can participate with us by partnering in prayer and encouragement for our family, by supporting our work financially, through short-term trips, and by raising awareness and mobilizing others to work among immigrant communities across the country.

Learn the church plant, its strategy and context, so you can provide relevant resources.
Support a church planter financially.

About the Family

Our family has been called to serve among the unreached people groups of New York City and to specifically live among and minister to those having North African and Middle Eastern backgrounds. Jessica and I have four children who love dance, sports, art and travel. We love engaging different cultures together, experiencing the diversity of the Body of Christ and mobilizing others to find their role in God's mission.

About My Ministry

As we abide in Christ and immerse ourselves among dense immigrant populations, we are cooperating with the Spirit to evangelize the lost, disciple new believers, establish disciples in healthy churches and catalyze local leaders to carry on the task.

With more than 1.5 million Muslims living in the New York City metro (approximately 22% of US Muslims) and some of the most diverse counties in North America, there is a tremendous opportunity to continue reaching the unreached through focused evangelism, discipleship and church planting efforts. We will be continually engaged in cultural and language acquisition so the gospel can be faithfully communicated while also seeking creative ministry and partnership opportunities that open the door for evangelism and discipling relationships for both ourselves and others in New York City.
