REDEMPTION

About the Family

I felt called to be an “M” at age 18. God has since grown my heart for all nations, especially the world’s unreached peoples. During the past six years, I have served in the South and on various short-term overseas missions trips. Though I still hope to serve overseas long-term someday, God has made it very clear to me that He wants me to serve in the Northeast for as long as He asks.

I am so thankful for the time, training, work, experience, and love I have received here in the South. God has been good, and I am continuing to walk by faith.

About My Ministry

I will be serving with international students at a large university and a large community college as well as the international student ministry catalyst in two states. I will serve on these two primary campuses among international students building bridges and doing things like:

- creating church connections with the language churches.
- starting Discover Bible Studies.
- joining the work already happening at the universities.
- sharing the truth of the good news.
- training and discipling students in the work.
- possibly starting a furniture drive for incoming international students.
