KINGDOM CITY CHURCH

### About the Family

We are Blake and Katie Odgers, and we have one son, Asa James. I first sensed a call to ministry as a teenager, but God quickly refined that personal call into a passion for the mission of Jesus and a deep love and burden for His bride, the Church.

I discovered church planting in my early 20s, and my imagination was captivated. Through Katie, the Lord led me to West Ridge Church, where I served as a member for two years until coming on staff in 2020 as a church planting resident (2020–2024) as well as the college and young adults pastor (2021–2023).

We have lived in and around Atlanta all of our entire adult lives. We love this city. Our son will grow up in this city. We are excited to see the calling God has been stirring in us begin to take shape in the place we call home.

### About My Church Plant

Kingdom City Church exists to continue the ministry of Jesus in Atlanta by practicing and proclaiming the way of the kingdom for the good of the city. We are planting a church in one of the fastest-growing and least-churched areas of Atlanta. Chamblee is a community of 30,000 people (250,000 in a 5-mile radius) who have no church in their community and are seeking to flourish (individually and communally) apart from Jesus.

As believers, we know they will inevitably be disappointed and disillusioned unless and until they hear and experience the good news of the gospel that leads to new life in the Spirit. Our heart is to form people and plant churches. We long to see Kingdom City Church be a catalyst for revival and renewal within the greater Atlanta area and a multiplying movement to cities throughout the country and among the nations.
