

Jordan and Kayla Barton

COCKLEBURR ETHNE CHURCH

About the Family

Kayla and I were born and raised in western Kentucky. We got married in 2014 and knew we wanted God to use our marriage to bring Him glory. We initially served in various volunteer positions in our local church. In 2018, we felt God calling us to open our hearts to foster care, where our home would be our mission field.

In 2016 we took our first short-term mission trip to Arizona. We fell in love with the people and wanted to be part of what God was doing there. We led a missions team to distribute school supplies on the reservation every summer. In 2021, after the mission trip, we knew God was calling us to move to Arizona to become full-time missionaries.

We have three beautiful children who will be serving alongside us. We are excited to see how God will grow and use them on the mission field!

About My Church Plant

We will be serving as full-time missionaries and church plant team members on the Tohono O'Odham (TO) Nation, the second largest Native American Reservation in Arizona. Our vision is to see a consistent gospel presence in every community on the TO Nation.

We work toward achieving that vision by building relationships, planting churches, leading Bible studies, hosting missions teams and meeting needs in various ways.

Find out how you can
Pray.
Participate.
Provide.

PRAY.

Pray for boldness as we share the gospel among the people of the TO Nation. Pray that God would soften their hearts and that they would be saved. Pray that God would raise up strong believers within each community to plant churches and have a consistent gospel presence.

PARTICIPATE

Partner with us by praying for us, our team and ministry. Commit to ongoing financial support of us and the ministry. Join us by bringing a missions team to help in various projects in the future.

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.
