

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray that God would move among our communities and bring people to saving faith in the biblical Jesus. Pray that the veil would be lifted from the eyes of the LDS people. Pray that the influence of the LDS church be dismantled and that the remnant will be saved. Pray for Mission Utah, that churches would recognize the need and desire to serve on a short-term mission trip. Pray for our church plants, who are in desperate need of financial partners to keep the doors open and to pay staff. Pray that more churches would be planted through the RFC. Pray that God would provide the finances we need to make ends meet as a young couple in ministry.

PARTICIPATE

Financially give to our ministry. Consider partnering with us through Mission Utah. Send long-term laborers to Utah with Redemption. Pray for us and others while we labor in the most unreached place in North America.

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

Kennedy Jozwick

REDEMPTION FAMILY OF CHURCHES

About the Family

Anthony and I moved out to Utah separately as long-term missionaries with Southern Baptist churches in early to mid 2025. We met on the mission field in Utah in June of 2025, started dating on July 4, got engaged on December 6, and married on May 27, 2026!

We currently live in Farmington, about 20-25 minutes north of Salt Lake City. I am originally from Tallahassee, Florida, and am currently studying biblical counseling at Mid-America Baptist Theological Seminary online. Anthony is originally from Annapolis, Maryland, and graduated from Charleston Southern University in May 2025 with a bachelor's degree in kinesiology. He is currently pursuing his M.Div. at The Southern Baptist Theological Seminary online in hopes of becoming a pastor and planting churches.

About My Church Plant

We serve with the Redemption Family of Churches (RFC), a family of SBC churches in northern Utah, specifically through the RFC's short-term missions ministry, Mission Utah. Through Mission Utah, we equip short-term missionaries with the skills and resources to share the gospel with the Latter-day Saint (LDS) community and help local churches in the RFC partner together in their short-term missions efforts. Our goal is to take the task of coordinating missions teams off pastors so they can focus on preaching, teaching, and equipping the saints for the work of the ministry.

Currently, Anthony serves on staff as Mission Utah Director part-time, while I serve as Administrative Coordinator part-time. Mission Utah has had about 500 missionaries in its first year! Mission Utah is vital in supporting our church plants.
