GARDEN CITY CHURCH

About the Family

I have been blessed to have Jessica as my wife for 19 years. We have two wonderful children, Carson and Kloe.

About My Church Plant

New Orleans has held a special place in our hearts since our service in student ministry on the Northshore. There we fell in love with the people of southern Louisiana and the unique culture of New Orleans (NOLA), specifically.

Because NOLA is a historically difficult city for planters to gain traction in, we intend to employ an entrepreneurial church plant (ECP) model and lead out in mission through the marketplace. This model will meet needs in our community, provide sustainable income for the mission and will help us “earn the right to be heard.”

Our discipleship strategy will allow us to provide coaching and resources for under-resourced citizens who want to develop their own businesses. We don't want to just “teach people to fish,” we want to help them buy their own pond, thus opening the possibility of multiplying ECP churches.

Pray.

Participate.

Provide.

PRAY.

We will encounter many difficulties in New Orleans, including injustice, building trust and meaningful relationships across racial lines and funding, to name a few. Pray that the Lord of the Harvest, who is sending us out as workers into the harvest will supply all our needs according to His will.

PARTICIPATE

Connect a Supporting Church with our work
Commit to being a ministry support partner.
Join us for short-term missions work in New Orleans.
Pray for us.

PROVIDE

Many missionaries build a team to join their ministry in prayer, participation, and provision. These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. Visit sendnetwork.com/PlanterFunding for NAMB's policy on providing for church plants.
