VIETNAMESE GWINNETT CHURCH

## About the Family

I am a pastor who is passionate about sharing the gospel, equipping believers and helping people grow in their relationship with Jesus Christ. My calling is to build strong, healthy church communities where people can experience God's love, healing and purpose. I am committed to pastoral care, discipleship and supporting individuals and families through all seasons of life.

I am blessed with a loving and supportive family who walks with me in this ministry journey. We value prayer, unity and serving others. Together, we enjoy being involved in church life, helping with events and reaching out to our local community.

## About My Church Plant

Vietnamese Gwinnett Church (VGC) was established in obedience to God's calling to reach the lost and raise up the next generation for the harvest. We also support evangelists who return to Vietnam each year to share the gospel. Our bilingual ministry allows us to serve both Vietnamese and English-speaking communities with clarity and unity. At VGC, church is not just a place we attend, it is a family where we live out our faith, grow together and serve God's mission side-by-side.
