WEGOCHURCH

About the Family

I worked in the information technology industry before being called to ministry work. After graduating from Taylor Seminary, I pastored a church for three years.

My wife, Kit, is a Montessori preschool teacher who sees her school as her mission field.

We have two grown sons who are both working now.

We are glad to have SEND Network to verify our calling as a church planting family and endorsing our ministry.

About My Church Plant

We are a mobile church who has a goal to bring church to the people using a variety of meeting formats. We focus on individual shepherding and spiritual growth in small group settings. Our target group is the Chinese, particularly Hongkongers in Edmonton who can meet in person, as well as people on the internet who meet with us virtually.

WEGO stands for:

(W)orship God in Spirit and in Truth

(E)ngage with God's Word and with the community

(GO) make disciples to live out the gospel.

Our Chinese name is WEGO愛同行, meaning that we walk together in love. It is a reminder of our Lord's commandment to love our neighbors.
