PORCHLIGHT

About the Family

Our family of six (including our little 3-year-old who is in God's presence) strives to be loving and Christlike to one another. We believe God gave us each other to sharpen us in growth areas such as patience, peace and faithfulness and also in love, joy, kindness and goodness to each other.

We believe the Holy Spirit grows us in our families so that by His aid we may be witnesses to our friends and neighbors. We believe that we are called to exemplify a genuine transparent love for each other regardless of the challenges that may pose in our day-to-day growing. We love playing games, going for day outings and making music together.

About My Church Plant

PorchLight is an evangelical Christian church meeting in downtown London, Ontario. We are centered around the spreading of the good gospel news of Jesus. Join us as we converse biblically and practically at round tables about topics that matter to all of us.

We realize as a church that Interaction, engagement and conversation are vital to understanding the needs around us and how we can together discuss and practically and cooperatively work on solutions. The lack of this interaction has added to the notion that faith, God and faith communities are ineffective and therefore unnecessary.

Faith communities are becoming fewer in our post-Christian society largely because we have lost the art of conversing in community and with hospitality and love for one another in a relevant way.
