REDEMPTION CHURCH - BEAR RIVER

About the Family

Jennie and I recently graduated from North Greenville University in South Carolina and desire to start our lives together by serving the Lord. We are burdened for those without the gospel and desire for people to hear the good news and be discipled. We are moving to Tremonton, Utah, to be missionaries and work with a church plant called Redemption Bear River, engaging the Mormon community with the true gospel. We will be discipling new believers in the church, helping them grow in their relationship with Christ.

We will also be finding jobs in the community in order to meet new people who have yet to hear the gospel. We seek to help carry out the work of the Great Commission and help the church grow in depth and in conversions.

About My Church Plant

We are missionaries partnering with Redemption Church, Bear River. In Utah, fewer than 3% of people are evangelical Christians, and most of the population is Mormon or atheist. Working with Redemption Church, we plan to conduct community outreach and evangelize people who do not know the true gospel. Since there are many new believers in the church, I desire to build relationships with young men and help them grow in spiritual disciplines. Jennie plans to do this with young women as well.

We are also excited to help with other aspects of the church plant that are often overlooked, such as setup and takedown, and other auxiliary roles. We plan to get jobs in the community to build relationships, be an example for Christ in the workplace, and tell people about Him.
