CHRIST FELLOWSHIP

About the Family

I am a northeast Arkansas native. My wife was born on the mission field in Guatemala, and later raised in northwest Arkansas. We met while we were both students at Williams Baptist University in Walnut Ridge, Ark., where we are now planting. We have been married since 2015 and have one son, Ezra.

We have always had a heart for college students and rural areas. After I finished my M.Div. at Midwestern Baptist Theological Seminary, we moved back to northeast Arkansas to work at Williams Baptist University. As we worked among this area, we discovered the need for a healthy and vibrant local church. After much prayer and guidance, we planted Christ Fellowship in 2024.

About My Church Plant

We planted Christ Fellowship in October of 2024. We are planting to reach Walnut Ridge, Ark., and students at Williams Baptist University. Our church holds to six core values: Gospel, Discipleship, Worship, Mission, Family and Hospitality. We exist to gather together to exalt Christ, to grow together in Christ and to go together to reach our neighbors for Christ.

Find out how you can
Pray.
Participate.
Provide.

PRAY.

Pray that, as a church, we would remember our core values and mission statement and that we would live on mission for the gospel in our community.

Pray for opportunities to get into the community of Walnut Ridge.

Pray for openness in gospel conversations with college students.

Pray our marriage would glorify God in all things and balance our time well.

PARTICIPATE

Partner: We are looking for financial support and ask that you would consider giving to our ministry to reach Walnut Ridge and university students.

Connect: Like us on Facebook to see our updates.

Visit: Bring a missions team to help us reach our area!

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources.
Support a missionary financially.
