REDEEMER BAPTIST CHURCH

### About the Family

I grew up in Huntington Beach, Calif., with four sisters and two loving parents. There, I became a Christian at a young age and was given opportunities to learn and grow in my church. With the help of some of my leaders there, I decided to seek training to take part in ministry full-time. As a result, I came to California Baptist University (CBU) in 2018 to pursue a bachelor's degree in applied theology, which I have recently graduated from!

While in college, I got involved in the campus ministry at CBU, where I learned how to share the gospel, how to make disciples of Jesus, and what it looks like to be a life-long disciple-maker. I have seen God use this campus ministry to save many students at CBU and help even more grow spiritually, and I am extremely excited to continue to be part of God's work on this campus!

### About My Ministry

California Baptist University (CBU) is in Southern California and has an on-campus population of more than 5,000 with nearly 12,000 students enrolled. The diverse student body includes a large international population and a rapidly increasing non-believing one.

Our aim as the discipleship staff is to love CBU students by sharing the gospel with non-believing students and providing opportunities for believing students to grow spiritually and grow as disciple-makers. We want to help students see the beauty of Jesus, to establish them in their faith, and to equip them to teach others as well.

Our hope is that by the time these students leave CBU, they would be equipped to make disciples of Jesus, so that wherever they end up, they would go and take part in God's mission to make disciples of all nations.
