HOPE CHURCH

About the Family

I am originally from Winston-Salem, N.C. The Lord brought me to Calgary in 2021. This was after many trips up here from 2016 to 2020. In 2019, on one of those trips, I met Sara, who is now my wife. We were married on July 8, 2022.

The Lord brought me here to serve as a church planting team member with Hope Hills Church. I am currently a student at the Canadian Baptist Theological Seminary, earning a master's degree in Christian ministry with an emphasis in church planting.

Sara and I firmly believe the Lord has called us to plant a church in Calgary. After graduating, we plan to go through a church planter residency through the Aspen Church Planting Network, which is our local church planting network of nine cooperating churches and counting. Our residency will then lead to our assessment through NAMB to become lead church planters.

About My Church Plant

Calgary is one of the fastest growing cities in North American. Nearly 30% of this diverse population of 1.5 million citizens were brought to the city from around the world. The nations are here, and Revelation 7:9 describes "a vast multitude from every nation, tribe, people, and language, which no one could number, standing before the throne and before the Lamb." They sing praises to the Lamb for the sacrifice He made. I am convinced that at least some of that number is in Calgary.

Currently, Sara and I serve with Hope Hills Church in Northwest Calgary as a Church Planting resident. This 2-year process with help strengthen us as a couple, and develop us as future church planters in a new upcoming community called Glacier Ridge. This residency will prepare us to attend the 2025 Send Network Church Planters Assessments.

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Pray for the Hope Church family specifically, as they continue to reach the Symons Valley area and the neighboring communities. Pray that some will be reached with the gospel, whether it's a seed planted or a seed watered.

PARTICIPATE

Build relationships with a church planter, team members and their families.

Send notes of encouragement.

Learn birthdays and anniversaries, so you can send gifts and cards.

PROVIDE

Learn the church plant, its strategy and context, so you can provide relevant resources.

Support a church planter financially.
