

## Rayanna Cape

DAYBREAK COMMUNITY CHURCH

Find out how you can

**Pray.**

**Participate.**

**Provide.**

### PRAY.

Favor with UVM staff and faculty.  
More leaders to be raised up—student leaders and staff members.  
More missions teams and vision trips so others can pray through serving God in Vermont.  
Students to see Jesus is better than anything else.  
Students to see following Jesus not as “uncool” or burdening but NEEDED, EXCITING and AWESOME!

### PARTICIPATE

Partner with me by joining my prayer team. Serve alongside us on a mission trip or long-term missions placement. Commit to monthly giving to ensure full-time ministry work in reaching the unreached.

### PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources. Support a missionary financially.

## About the Family

Nothing is more precious to me than being more in love with Jesus and seeing others love Him more, too. I understood the gospel when I was 6, and I can't remember a time being without God. He is my dearest friend and with whom I walk every day. By His grace, I get to help college students know Him more.

I grew up in Anderson, South Carolina, and graduated in 2022 from the University of South Carolina. After graduating, I stayed with Shandon Baptist for a two-year residency program, so I could continue to share the gospel with college students. Now, I get to do that in Vermont!

My life's mission is to be with Jesus and to make Him known. The demands are sometimes overwhelming, but Psalm 42 and John 16 speak well—I long for the Lord; even when my soul is downcast, I will still praise Him. Take heart! Jesus has overcome the world!

## About My Ministry

Vermont is known for its natural beauty and simple way of life. It is also known as one of the least religious states in America. The privilege to bring the gospel to them is filled with spiritual warfare and people who have no idea they need Christ, yet what a place to see God radically change the world through! Every new brother or sister is another missionary God sends to reach the world, and I'm thankful I get to partner with God in this.

Our team is passionate to create a culture of outreach, discipleship and multiplication at the University of Vermont (UVM). My job is to share the gospel and disciple UVM students so they can make disciples who make disciples on the campus and around the world. I also walk alongside new team members as they answer God's call to serve in Vermont.

As always, Jesus is more precious!
