LIVING FAITH

About the Family

Jade and I are happily married with four children—Audri, Riley, Lila and Jacob. We have always had big hearts. Most of our children are foster-adopted. If you ever get the chance to know us, you would see us as a couple who are able to embrace chaos and turn it into something beautiful.

I have known most of my life that God had big plans for me. At age 16, I surrendered to ministry full time. Jade on the other hand felt called to devote her life to outreach and missions as a young adult. A unique fact about Jade: She was born hearing and later became deaf due to chemo treatment.

Together we felt God pull on our hearts to plant a church in a forgotten area. Since the beginning of our marriage, we have always agreed to find new ways to reach the Hard of Hearing and Deaf community.

About My Church Plant

Living Faith is a church replant in Morning Sun, Ohio. We are a small little country village in Israel township. We are the only surviving church in Morning Sun.

The people in this village have asked for new life and for some former traditions to come back to the little village. Most of the families in the village are multi-generational and are lacking the love and support a local church offers.

Living Faith is becoming little by little a beacon of hope, love and faith for the town of Morning Sun and the surrounding areas. What is unique about our church? We are a mainstream Hard of Hearing/Deaf church. We will be providing live caption for all services and, in time, an American Sign Language praise team.

With your prayers and support we will be able to accomplish God's plan for Morning Sun, Ohio.
