QUEEN CITY BAPTIST CHURCH

## About the Family

My wife, Sandhya, and I were both born in a second-generation Christian home in India. Both of us received salvation before immigrating to the U.S. We were married in February of 2004 and almost immediately moved to the U.S.

God used His faithful servants to disciple me and lead us into ministry. We are blessed with our most precious 10-year-old daughter, Eunoia. I am a bivocational pastor, seeking to serve God and not be burdensome to the church. I work in the IT field as a technical architect.

My desire is to equip the saints for the work of ministry by being dedicated to the ministry of the Word and prayer and by putting to use my preaching, teaching and leadership abilities.

## About My Church Plant

At Queen City Baptist Church, we recognize the importance of growing in the Word and Spirit. We therefore emphasize principles and doctrines that emerge through exposition of the Word. Since God seeks those who worship Him in truth and Spirit, our worship includes theologically and doctrinally sound songs.

Since the effectual fervent prayers of the righteous avail much, we take turns and spend a significant amount of time in prayer each time we gather. We believe the church should serve the community and not be served by the community. We are therefore always on the lookout for opportunities to do good, spread cheer and have gospel conversations.
