## About the Family

Hello! Thanks for checking out my missionary profile!

My name is Sam Larson, and I'm a church planter who is being sent by Sower Church in Lincoln, Nebraska. I live in rural southeast Nebraska with my wife, Sydney, and my children: Alaska (8), Everest (6) and Wren (3). Sydney and I met in high school and have been married for 10 years.

One unique thing about our family is that all of our children have a rare hereditary brain disease called "batten disease" CLN3. This disease is a daily affliction, but it's also a daily reminder to rest in Jesus Christ and His finished work on the cross!

We love spending time together, playing with our pets, reading books, enjoying the outdoors, and making s'mores.

## About My Church Plant

Together we are following in obedience to God as He calls us to plant a church in Hickman, Nebraska. Hickman is a city in transition that was once a small farm town and is now a bedroom community that is quickly turning into a flourishing and thriving city! Although the population is booming, there hasn't been a church planted here in 50 years!

We are planting Redemption Hill Bible Church to build a community of believers who are centered on the gospel, rooted in the Scriptures, growing in His grace and sending missionaries to our neighborhoods and the nations!
