CHURCH ON MILL

Find out how you can  
**Pray.**  
**Participate.**  
**Provide.**

## PRAY.

Pray our marriage will remain strong and be an example of God's good design to students at a secular university.  
Pray that many international students will hear the gospel, repent and believe.  
Pray that international believers would join the church and be disciplined to be leaders in churches back home.  
Pray the Lord calls international students to become vocational church planters and missionaries.  
Pray for stamina and longevity for ministry amidst attacks from the enemy.  
Pray God would provide many volunteers and team members to reach the huge mission field on campus.  
Pray God would provide partners in prayer, funding and service to sustain this ministry long-term.

## PARTICIPATE

The most important way to join God's work in LATN is prayer. We can do nothing in our own strength, so prayer is primary. You can join our prayer letter at <https://tinyurl.com/berry-prayer> to stay in the loop with what God is doing and how to pray specifically. We want to invite many people into the joy and mission of this ministry, so please also connect us with your friends or church if LATN would encourage them.

## PROVIDE

Learn the church plant, its strategy and context, so you can provide relevant resources.  
Support a church planter financially.

## About the Family

I grew up in a loving family who exposed me to the gospel, but I failed to understand and respond in faith. In my freshman year of college, my girlfriend, Lindsey, invited me to a parachurch ministry. A brother named Aaron shared the gospel with me. I understood Jesus came not only to be my Savior, but also to be my Lord. God saved both Lindsey and me that year, and we got baptized in fall 2016 at Church on Mill. We have been members ever since.

We have been serving as student leaders with our church's college ministry, which eventually merged with the local Christian Challenge, and we got married and graduated in 2019. We've recently been serving as deacons, and I completed a pastoral residency in May 2023. Through the entire journey, God has steadily been growing my love for Him, His Word, His church and ministry.

## About My Ministry

I work with Life Among the Nations (LATN), a ministry to international students at Arizona State University (ASU). ASU has more international students than any other public university in the country with 17,000+ international students from 150+ countries. Many of these countries are in North Africa, the Middle East and Asia and are home to numerous unreached people groups.

The nations are coming to us, even the nations Americans have a hard time reaching! And the students who are coming are the best and brightest from their countries. When they go home, they will be the leaders, the doctors, the lawyers, the teachers and the parents. LATN is working to evangelize and disciple these students so that when they go home, they return with more than a degree. They return with the gospel, the Spirit and a vision for spreading the church!
