PROVIDE

These friends, family and churches support missionaries beyond the tithes and offerings given within the church plant. About the Family

Ludy and I were born and raised in Brasilia, the capital of Brazil. We have been married for 10 years and have two beautiful daughters, Liz and Lavinia.

I worked for more than eight years in a church planting network in Brazil that planted more than 40 churches, while Ludy worked as a lawyer. We moved from Brazil to Boston in 2017. Since then, we have been involved with church planting.

We love meeting new people! Grilling Brazilian barbecues at home for friends and family and training Brazilian Jiu-Jitsu (BJJ) is our way of connecting with people.

An interesting fact: I worked as a police officer before moving to Orlando, Fla., and Charleston, S.C.

About My Church Plant

It's no secret that Orlando is known for having one of the highest numbers of population disconnected from the gospel. Many residents are either unchurched or de-churched, which means some people are now struggling and feeling lost.

Understanding this reality, it's impossible not to feel compassion for those lost in this city. That's why we feel called to plant a new gospel-centered church in Orlando.

We believe that Orlando's and the rest of the world's lostness and brokenness have no other solution except the hope of the gospel. We envision a vibrant and diverse church being planted, and we are fervently praying for individuals who share our passion for Jesus and a deep desire to witness non-believers turning to God. We invite you to join our family on this incredible journey.
