GARDEN CITY CHURCH

Find out how you can
Pray.
Participate.
Provide.

PRAY.

These prayer points are taken from our cultural values as a church plant. I ask you to pray that these would not be simply aspirations but realities of who we are as individuals and as Garden City Church!

Formation - We desire to be formed into Christ-likeness.

Empowerment - We desire to see people flourish and experience the power of the Holy Spirit.

Prayer - We desire to be a praying church, contending with God for the renewal of our city.

Hospitality - We desire to welcome others, as God in Christ has welcomed us.

Presence - We desire to be present in our community by serving our city, loving our neighbors and being a source of goodness that blesses Guthrie.

PARTICIPATE

Come to an interest meeting, which are starting in September 2021.

Join the Garden City launch team.

Support us spiritually as a prayer partner.

Support us financially, either personally or by leading your church to give to the mission of God by partnering with us as we partner with Him.

Send a summer missions team to help us serve our community through VBS starting our first summer (2022).

Hoboken Coffee in Guthrie is the best.

Meet us there!

PROVIDE

Learn the ministry strategy and context, so you can provide relevant resources.

Support a missionary financially.

About the Family

I'm 29 years old and have been married for four years to McKenzie. I'm an Okie, and she is a Texas girl.

McKenzie is a teacher at a private school in Oklahoma City. I'm a 2020 graduate of Midwestern Baptist Theological Seminary and have served Oklahoma Baptists as a building services worker for four years. McKenzie and I had our accidental first date (long but funny story) in the small town of Guthrie, which is where we are planting Garden City Church!

About My Church Plant

We are excited to start a new work in Guthrie, Okla., a town with a lot of history that is experiencing revitalization as a community. Our vision for a new church in Guthrie is birthed from a desire to impact pervasive lostness in the community.

The first thing many Christian leaders say when I mention Guthrie is that there is a darkness over the town. When you are in Guthrie that becomes evident, there are haunted houses, witchcraft and deep seated works-based salvation of the Scottish Rite Freemasons to which Guthrie holds the Grand Temple for the southern United States.

There is also a quickly growing demographic of people my age, who tend to be less religious as a whole. We don't believe we are the savior of Guthrie, we see Garden City Church as us partnering with God to see renewal and revival in Guthrie for His glory.
